There are two types of Pre-Existing Conditions:

(a) **DISCLOSED AT THE TIME OF THE APPLICATION:** Means any medical condition, which manifests itself prior to the Effective Date on the Policy of Insurance or its Reinstatement. If a pre-existing condition is fully and accurately disclosed on the application, and the condition is not excluded or restricted by an exclusionary rider, your pre-existing condition will be covered after you have been continuously insured by this policy for twelve (12) months. This is called the pre-existing condition waiting period.

Pre-existing conditions are any Injury or Illness that meets the following criteria: 1) A condition that would have caused a person to seek medical advice, diagnosis, care or treatment prior to the Effective Date of coverage under this Policy; 2) A condition for which manifestation, medical advice, diagnosis, care or treatment (including medication) was recommended or received prior to the Effective Date of coverage under this Policy; 3) Expenses for Pregnancy within twelve (12) months of the Effective Date of coverage under this Policy.

The following illnesses which exist, manifest themselves or are treated or have treatment recommended prior to or during the first 180 one hundred eighty days of coverage under this Policy beginning on the initial Effective Date are considered pre-existing conditions and are subject to the pre-existing condition waiting period and other limitations of coverage described above: any condition of the breasts, any condition of the prostate, disorders of the reproductive system, or conditions of the back or spine. Note: coverage for such illnesses or surgeries may be further limited under the pre-existing condition limitations or exclusions and definitions of the Policy. Disclosed Pre-Existing Conditions, unless specifically excluded by endorsement or an amendment to the policy are covered after 12 months of continuous coverage under this policy or the period of time declared on the Schedule of Benefits page of this policy, whichever is longer.

(b) **UN-DISCLOSED AT THE TIME OF APPLICATION:** The Company reserves the right to insure persons considered to be in good health and good moral risk. Un-disclosed Pre-Existing Conditions prevent the Company from making the proper evaluation of the risk. Consequently, Un-disclosed Pre-Existing Conditions are not covered and could result in the

denial of a medical claim and/or the cancellation or rescinding of this policy. (See Exclusion 32 & Exclusion 43).

45. **PRESCRIPTION DRUGS:** means medications whose sale and use are legally restricted to the order of a Physician and do not include items that may be purchased without a Physician's prescription.
46. **PROTECTION AGAINST UNNECESSARY MEDICAL CHARGES:** means when the Company acts upon the Company's review organization's recommendations not to pay for the care and services that the Company's Physician consultants have decided were not medically necessary, it is likely that the provider (the Hospital, the Doctor, or both) will try to collect the unpaid portions of claims from the Insured. When this happens, the Company will hold the Insured harmless. Holding the Insured harmless means that, if it is determined in a court of law that the Company's review organization's decisions were incorrect, the Company will assume the Insured's liability for payment of the disputed medical care, less Deductible's or Co-Insurance and charges not covered by this policy.
47. **REINSTATEMENT:** means after the Grace Period has expired, the Company will consider its Reinstatement only after receiving an application for Reinstatement and payment of premium back to the date of the termination. The reinstated policy shall cover only losses resulting from Injury that are sustained after the date of Reinstatement and those losses due to Sickness that manifests itself not less than ten (10) days after the date of Reinstatement. No Reinstatement application will be accepted if received by the Company ninety (90) days or more after the date the policy lapsed due to non-payment of premium. The Company reserves the right to request medical information and/or issue any amendment/endorsement deemed necessary.
48. **REQUIRED SECOND SURGICAL OPINION:** means if a qualified surgeon has recommended that an Insured person undergo a non-emergency surgical procedure, the Insured must notify the Administrator at least seventy two (72) hours prior to the scheduled procedure. The Company reserves the right to require the Insured person to obtain a Second Surgical Opinion for which the Company will pay one hundred (100%) percent of the cost. Arrangements for such Second Surgical Opinion will be made by the Administrator on behalf of the Company. In the event the second surgical opinion is not in the affirmative, the Company will also pay for a third opinion. If the second or third opinion confirm the need for the proposed surgery, benefits for the surgery will be paid according to the Schedule of Benefits, provided that the surgery is performed by the original surgeon.

If the Company requires a Second Surgical Opinion and the surgery for a non-emergency and elective procedure is performed without first obtaining a confirming opinion, covered benefits for all charges related to the surgery will be reduced by a minimum of thirty (30%) percent or may be completely denied.

49. **RECONSTRUCTIVE SURGERY:** means surgery which is performed on abnormal structures of the body, caused by congenital defects, developmental abnormalities, trauma, infection, tumors or disease. It is generally performed to improve function, but may also be done to approximate a normal appearance.
50. **REASONABLE AND CUSTOMARY (R&C):** means:
1. **Reasonable:** a charge that meets the **Customary** criteria and, that in the judgment of the Company, is not an excessive amount for similar services or supplies; or, a charge that merits special consideration due to complexity of treatment in the opinion of a review committee or consultant.
 2. **Customary:** the amount charged by a majority of providers in the same geographic area for similar services or supplies and is relative to the value and worth of similar services;
- If a provider accepts as full payment, in the absence of insurance, an amount less than R&C, the lesser amount will be the maximum R&C. The Company will pay the lesser of the actual billed charge or the R&C.
51. **SICKNESS:** Sickness means illness or disease the symptoms of which first manifests itself while the policy is in force.
52. **THE COMPANY:** means AmFirst Insurance Company Ltd.

The Company reserves the right to determine whether it has enough information on which it bases the validation of any claim submitted and the burden of providing all medical records to the Company shall be upon the Insured.
6. It is a condition of this policy that the Insured must sign and date the Company's medical release form when submitting a claim to the Company for consideration. The medical release form will authorize the Company to obtain medical records from any provider. Failure to do so will result in a forfeiture of all benefits otherwise due under a claim submitted by an Insured.
7. The policy will become null and void unless the Company is notified of any change in the De Facto Country of Residence of the Insured within thirty (30) days of the change. All terms and conditions are subject to revision upon a change in the De Facto Country of Residence.
8. Neither the Company, American Medical Services, the Administrator nor any of their agents shall be responsible for the availability, result, or quality of any medical care, treatment, or transportation, nor for the failure of the Insured to receive medical treatment.
9. The legal representative of an Insured shall have the right to act for an Insured who is incapacitated or deceased.
10. In the event the Company cancels or otherwise invalidates this policy due to the Insured's failure to disclose past medical history or Pre-Existing Conditions, the Company reserves the right to recover from the Insured all costs and fees incurred in reasonably investigating those matters not fully disclosed. Recovery may be accomplished in any lawful manner including deduction of those costs and fees from any unearned premiums otherwise due the Insured.
11. If an Insured or the Company cancels the policy after it has been issued, the Company will refund the unearned portion of the premium, less policy fees and any policy expenses paid. The unearned portion of the premium is based on the number of months corresponding to the payment mode. Policy expenses include commissions, claims handling and administrative fees.
